LMC creates motorhome touring pitches at its own factory site

## **CLOSE TO WHERE THE ACTION IS: NEW OVERNIGHT PITCHES FOR CAMPERS AND VISITORS TO SASSENBERG**

- **Usable from now onwards: the new motorhome and camper van touring pitches in the LMC staff car park located in Wöste, Sassenberg.**
- **LMC management declares three pitches with electric hook up and tap in an area that measures 10m x 15m open**
- **Free service offer for visitors, end customers and tourers in the Münsterland region**

**Sassenberg, 15 December 2023** – Recreational vehicle manufacturer LMC Caravan GmbH & Co. KG is extending its service offer; in future, it will provide motorhome and camper van touring pitches for overnight stays. The 10m x 15m area in the factory car park in Sassenberg was recently opened and can now be used by all motorhome and camper van fans. Equipped with electric hook ups and taps, the three new touring pitches offer tourers, customers and visitors a practical overnight stay option.

### **Simple, functional and practical**

The LMC touring pitches are equipped electric hook ups and their own fresh water supply (not operational during the winter months November - February). There are no grey water disposal facilities on site. There's no need to pre-book the LMC touring pitches. Tourers can therefore stop spontaneously for a break and stay on any unoccupied touring pitches for a maximum of two nights. Respective banners and signs that inform visitors of the location of this overnight stay options have been installed. The nearest shop is only 800m away.

### **Optimal solution for external visitors**

The close proximity to various points of interest makes the new touring pitches a practical option for visits and business appointments inspired by various purposes. Not only do they offer end customers or partner dealers a convenient place to park short-term when they have an appointment at the factory, they are also ideal for members of the press and influencers when they visit for vehicle handovers. People taking part in one of the guided tours around the LMC factory can now comfortably travel in their own camper and spend the night on one of the touring pitches right by the factory free of charge.

### **Centrally located: opportunities for exploring the Münsterland**

The central location also makes it possible for the guests to base themselves at the factory when they want to explore the Münsterland. The region around Sassenberg offers a wide range of leisure time activities. The local recreational area Feldmark around the Feldmarksee lake in the centre of Sassenberg and its adjacent restaurants are only a few minutes' bike ride away. The neighbouring town of Warendorf, where the district council is located, is 8km away. It's also known as the "horse town", due to its annual stallion parade, and has a historic town centre. Fans of the great outdoors can make use of the numerous local hiking and cycling trails, or go on a leisurely canoe tour along the Ems river. Larger cities such as Münster (35km), Osnabrück (40km) and Bielefeld (42km) are also within easy reach.

## Offer soon also available in apps

The LMC Caravan GmbH & Co. KG touring pitches will shortly also be listed in all of the standard free touring pitch apps in order to highlight the offer and make it possible for tourers to conveniently include the touring pitches in their route planning. LMC Caravan GmbH & Co. KG is pleased to be able to announce this addition to its services, and extends a warm welcome to all tourers.

General manager Bodo Diller (l.) and Timo Ecke (r.) open the new LMC touring pitches on the factory premises.
